PART A GENERAL INFORMATION

1. ABOUT THIS PRODUCT DISCLOSURE STATEMENT

This document (comprising Part A and Part B) forms the Product Disclosure Statement (PDS) for your CoinSpot Mastercard (the Card). The PDS contains important information, including the fees and other costs that apply to the Card.

This PDS is issued by EML Payment Solutions Limited ABN 30 131 436 532 (EML) as a requirement under the Corporations Act 2001.

This PDS is an important document designed to assist you in deciding whether to acquire the financial product to which it relates – the Card. You should read this PDS in full before using your Card.

Your contract with us for the Card comprises this PDS document incorporating the Terms and Conditions, which contains important information regarding your Card. You must also enter into an agreement with CoinSpot in relation to the Card separate to and in addition to the below Terms and Conditions.

The information in this PDS does not consider your individual objectives, financial situation or needs. Any advice in this PDS is general advice only. You should consider the appropriateness of any general advice to your circumstances before acting on it.

2. GENERAL PRODUCT DESCRIPTION

Your Card is a prepaid, reloadable Mastercard. Your Card provides you with the means to access the Spendable Balance of your CoinSpot Account anywhere in the world where prepaid Mastercard cards are accepted.

When you transact using the Card, and once CoinSpot approves the amount of the transaction (which would generally occur at the same time), an amount of the digital currency which you nominate to redeem from your CoinSpot Account will be redeemed into the equivalent Australian Dollar value. The Australian Dollar amount is provided by CoinSpot to EML and allocated to your Card to enable you to complete the transaction in Australian Dollars, inclusive of any fees (where applicable). You can only use the Card within the Spendable Balance and transaction limits listed in Section 14.8 of the Terms and Conditions in Part B.

The Card is not a credit or charge card, and the Spendable Balance does not earn interest. **Your balance is not a bank deposit.**

3. STATEMENTS OF ACCOUNT

By successfully applying for and using the Card, you acknowledge that we do not provide, and you will not receive, paper statements. Card transactions are available for viewing on the App. Please contact CoinSpot by visiting <https://coinspot.com.au/support> or by emailing them at support@coinspot.com.au if you require any assistance accessing electronic statements.

4. CHANGES TO THIS PDS

The information in this PDS is subject to change from time to time and is correct and current as at the date stated on the front cover.

Information regarding your Card may need to be updated from time to time. Any updated information that is not considered to be materially adverse to Cardholders will be made available on the Website. Alternatively, you may request a paper copy of any updated information free of charge from EML by phoning 1300 739 889. Any updated information that may be materially adverse to Cardholders will be included in a replacement or supplementary PDS.

6. ROLES OF THE CARD DISTRIBUTOR AND ISSUER

Funds provided to EML to operate the Card program are held in a client segregated monies account maintained by Australia and New Zealand Banking Group Limited ABN 11 005 357 522 (AFSL 234527) ("ANZ"). EML is responsible for the settlement of transactions using the Card but may outsource these functions to other service providers. You acknowledge that the Spendable Balance can be used to meet our settlement obligations in respect of your transactions and to provide security for our settlement obligations.

Neither CoinSpot, nor anyone else acting on its behalf, has the authority on behalf of EML to:

- tell you anything about the Card that is inconsistent with the information in this PDS;

7. WHO IS ELIGIBLE FOR THE CARD?

To be eligible for the Card you must be:

- 18 years of age or older;
- an Australian resident;
- a customer with a verified CoinSpot Account; and
- agree to CoinSpot's Terms and Conditions relating to the issue of the Card.

8. SIGNIFICANT BENEFITS TO CARDHOLDERS

The significant benefits of the Card are as follows:

- The Card is a prepaid, reloadable Mastercard which means that it can be used to pay for goods and services from merchants in Australia and around the world who accept Mastercard prepaid cards including online purchase transactions;
- The Card is reloadable, which means that you can use it as many times in accordance with section 14.4 and within the applicable limits set out in 14.8;
- The Card can be used to make Contactless Transactions for purchases under \$100. Simply place your Card near or on the EFTPOS Device. Before authorising a Contactless Transaction, you must check that the correct amount is displayed on the EFTPOS Device;
- Once added to a Device Wallet as a Tokenised Card, you can use your Device to make simple and secure payments with the Pays; and
- When using the Card, you can only access the Spendable Balance allocated within your CoinSpot Account. It is not a credit card.

9. SIGNIFICANT RISKS TO CARDHOLDERS

Some of the risks that may be associated with the use of the Card are outlined below. The risks described are intended to be a summary of the major risks associated with the Card and are not exhaustive. There may be other risks that relate to the use of your Card.

Significant risks to cardholders are:

- the ability to access the Spendable Balance with the Card is ultimately dependent on CoinSpot transferring the redeemed amount of your Spendable Balance from your CoinSpot Account to EML. Accordingly, if CoinSpot becomes insolvent or if there is otherwise a delay in the transfer of your Spendable Balance, there is a risk you may not be able to access the Spendable Balance;
- when you use the Card for a transaction, the digital currency nominated in your CoinSpot Account will be redeemed into Australian Dollars by CoinSpot at the sell price for that digital currency at the time of the purchase or pre-authorisation (as applicable). As such, the sale of the nominated digital currency is subject to market fluctuations, and you may be subject to variations in the value of the digital currency as against the Australian Dollar at the time of each transaction;

- the Card will expire at the date shown on the Card. You cannot use an expired Card to access any Spendable Balance until a replacement Card is provided to you;
- Unauthorised Transactions can happen using the Card if the Device is lost or stolen, a PIN is revealed to any other person, or because of fraud;
- you may unintentionally use the Card if you have multiple tokenised cards within your Device Wallet and you inadvertently use the Card for purchases;
- incorrect amounts may be charged if you do not confirm the correct transaction amount before authorising a Contactless Transaction;
- unintended transactions can happen if electronic equipment with which the Card is being used is operated incorrectly or incorrect details are input;
- you might not be able to get your money back if Unauthorised Transactions or unintended transactions occur;
- if the electronic network enabling the use of the Card is unavailable, you may not be able to undertake transactions or get information using the Card;
- your Card or Device could be lost, destroyed or stolen;
- the Financial Claims Scheme does not apply in relation to the Card or your Spendable Balance.

10. IMPORTANT INFORMATION ABOUT THE FINANCIAL CLAIMS SCHEME

The Financial Claims Scheme is a scheme administered by the Australian Prudential Regulation Authority (APRA) to protect depositors of authorised deposit-taking institutions from potential loss due to the failure of these institutions. It provides depositors with a guaranteed protection, up to a cap. As at the date of this PDS, the Financial Claims Scheme applies to deposits only. It does not extend to prepaid card products (including the Card).

The Financial Claims Scheme does not protect any Spendable Balance accessible through your Card.

For more information, see APRA's website at <https://www.fcs.gov.au/>

11. YOUR TAX LIABILITY

You should get your own independent tax advice in relation to the impact your use of the Card may have on your personal tax liability as EML has not considered your individual circumstances or needs when arranging for the distribution of your Card.

12. OTHER IMPORTANT INFORMATION

There are some other important things you need to be aware of about the Card:

- it does not generate any interest or other return to the holder. In other words, you do not earn interest on the value loaded to the Card;
- press the Credit button on the EFTPOS Device to access the Spendable Balance; and
- the method of communication EML will use to give you information, including information under the ePayments Code, will be Electronic Communication.

13. PROBLEMS OR DISPUTES

Disputing an Unauthorised Transaction

Where your Card is used for Unauthorised Transactions, we will seek to reverse the transaction if we can under the Mastercard Scheme Rules using what is called a chargeback right. Your ability to dispute or reverse an Unauthorised Transaction may be lost if you do not notify us as soon as possible and it is your responsibility to regularly review your online transaction history to identify Unauthorised Transactions. Under these Terms and Conditions, we may not be responsible for any loss to you if you do not dispute an Unauthorised Transaction within the timeframe stipulated in the Mastercard Scheme Rules.

Queries, Disputes and Complaints

If you have a query about the Card, you should initially direct the query to CoinSpot.

CoinSpot can be contacted via:

Mail: Casey Block Services, 5/40 Green St, Windsor, VIC, 3181

Email: support@coinspot.com.au

Website: <https://www.coinspot.com.au/support>

If you are unable to resolve your issue with CoinSpot directly, you can escalate your enquiry to EML. EML will aim to resolve the matter on your initial contact. However, if we can't resolve your complaint within 5 business days, we will commit to keeping you informed of what is happening and aim to resolve your complaint within 30 days.

In some circumstances, more than 30 days may be needed to investigate a complaint; for example, if the complaint is complex, if there are delays caused by other financial institutions or merchants involved in resolving the complaint or where the Mastercard Scheme Rules govern the time taken to exercise a chargeback right.

Once your complaint is resolved, we will check with you to make sure you are satisfied with how your complaint was handled.

If we are unable to resolve your complaint to your satisfaction, you may be eligible to escalate the complaint to EML's external dispute resolution service, the Australian Financial Complaints Authority (**AFCA**). AFCA provides fair and independent financial services complaint resolution that is free to consumers. AFCA can be contacted at the following:

Mail: GPO Box 3, Melbourne VIC 3001;

- you may not make pre-authorized regular payments with the Card; and
- your Card may not be used for any direct or recurring debit payments or for any mail or telephone order transactions.

All fees and charges are expressed in Australian dollars and are inclusive of any applicable GST

All transaction fees are charged at the time of transaction and are included in the total purchase price.

When you use the Card for a transaction, the nominated digital currency in your CoinSpot Account will be sold for Australian Dollars at the sell price for that digital currency at the same time of your Card transaction. CoinSpot will also charge you the normal trading fee charged for selling your digital currency (to fund the Card transaction) in accordance with CoinSpot's trading fees, which are available on their website.

14.7. FOREIGN TRANSACTIONS

Transactions made in a currency other than Australian dollars will be subject to the prevailing Mastercard exchange rate at the time plus a 2.99% foreign exchange fee, which is in addition to any fees CoinSpot may charge for digital currency sale. Example of Foreign Exchange Fee:

- You make a purchase from a merchant located outside Australia (e.g. USA);
- At the time, Mastercard's prevailing exchange rate is US\$1.00 = \$0.95 Australian;
- You spend US\$200.00;
- The Australian dollar amount is US\$200.00 x \$0.95 = \$190.00;
- The foreign exchange fee is therefore 2.99% x \$190.00 = \$5.68

You are not liable for loss arising from an Unauthorised Transactions that can be made using an Identifier without the Card or a PIN. Where a transaction can be made using the Card, or a Card and an Identifier (such as a Contactless Transaction using the Tokenised Card) without a PIN, you are liable only if you unreasonably delay reporting the loss or theft of a Device.

Where you are liable

You are liable for loss resulting from an Unauthorised Transaction if we can prove on the balance of probability that you contributed to the loss through fraud or breaching sections 14.11 and 14.12 of these Terms and Conditions. In those circumstances you are liable in full for the actual losses that occur between when you become aware (or should reasonably have become aware) of the theft or misuse of a Card or Device or the compromise of the PIN or Pass Code, and when you reported it to us; however:

- you are not liable for the portion of losses incurred on any one day more than any applicable daily transaction limit; and
- you are not liable for the portion of losses incurred in any period more than any applicable periodic transaction limit; and
- you are not liable for the portion of losses that exceeds the Spendable Balance; and
- you are not liable for the portion of losses incurred if you and we had not agreed that the Spendable Balance could be accessed using the Card or identifier and/or PIN used to perform the transaction.

You will be liable for losses arising from an Unauthorised Transaction if we can prove on the balance of probability that you contributed to those losses by unreasonably delaying reporting the misuse, loss or theft of a Card or Device, or that the security of all PIN or Device Pass Codes has been breached. In those circumstances, you are liable in full for the actual losses that occur between when you become aware of the security compromise, or should reasonably have become aware in the case of a lost or stolen Card, but:

- you are not liable for the portion of losses incurred on any one day more than any applicable daily transaction limit; and
- you are not liable for the portion of losses incurred in any period more than any applicable periodic transaction limit; and
- you are not liable for the portion of losses that exceeds the Spendable Balance; and
- you are not liable for the portion of losses incurred if we and you had not agreed that the Spendable Balance could be accessed using the Card or Identifier and/or PIN used to perform the transaction.

If a PIN was required to perform an Unauthorised Transaction not already covered above, you will be liable for the lesser of:

- \$150; or
- the Spendable Balance; or
- the actual loss at the time that the misuse, loss or theft of a Card or breach of PIN security is reported to us, excluding that portion of the losses incurred on any one day which exceeds any relevant daily or other periodic transaction limit.

If you report an Unauthorised Transaction, we will not hold you liable for losses arising from the Unauthorised Transaction for an amount greater than your liability if we exercised any rights under Mastercard Scheme Rules, at the time of the report, against other parties to the Mastercard scheme (for example, chargeback rights).

Important Information about Chargebacks

A chargeback is a right under the Mastercard Scheme Rules by which a transaction can effectively be reversed by us debiting an amount to the merchant's financial institution and crediting back to your Spendable Balance. We can only process chargebacks if the Mastercard Scheme Rules allow us to.

In some circumstances, you may be able to request a chargeback of a transaction when you have a dispute with a merchant; for example:

- where goods or services you paid for using the Card were either not as described or defective;
- where goods or services you paid for using the Card were not provided;
- where there was an Unauthorised Transaction on the Card;
- the transaction amount differs to the purchase amount; or
- where you believe a transaction has been duplicated.

If you believe that you are entitled to a chargeback, you must notify us as soon as possible by contacting EML as the Mastercard Scheme Rules impose time limits for initiating chargebacks. The time limit is generally 90 days from the date of the disputed transaction.

If you request a chargeback, we may need you to provide additional information. If we do ask you for additional information and you do not provide it within 10 days, then you may lose any rights to the chargeback and if it has already been processed, we may reverse it.

Please note that if we process a chargeback, the merchant may have rights under the Mastercard Scheme Rules to have the transaction investigated further, and this can in some circumstances result in the chargeback being reversed (which means the original transaction might be reinstated by being debited to your Spendable Balance).

14.13. TRANSACTIONS

You acknowledge that you will not receive paper statements from us regarding the operation of your Card. Periodic statements showing the transactions on your Card and the Spendable Balance be available at all times through the Website or the App .

If you notice any error (or possible error) in any transaction or statement relating to Card, then you must notify EML immediately. We may request you to provide additional written information concerning any error (or possible error) and you must comply with that request.

It is your responsibility to regularly review your transaction history to identify Unauthorised Transactions.

14.14. CARD EXPIRY

The Card is valid until the expiry date shown on it unless it is cancelled before then.

Your Card cannot be used after expiry. You cannot access any Spendable Balance unless a replacement Card is issued to you.

We may issue you with a replacement Card if requested by you at any time after expiry and provided you have registered your details with us, including your name and Australian address. We reserve the right not to issue a replacement Card to you.

14.15. REPLACEMENT CARDS

If your Card is misused, lost or stolen, you should notify CoinSpot or EML in accordance with section 14.12 so that your Card can be cancelled.

You can request CoinSpot or EML to provide you with a replacement Card.

A replacement Card will be arranged after you notify us that your Card or Card details are misused, lost or stolen in accordance with section 14.12 and the misused, lost or stolen Card has been blocked. You will need to confirm your personal details, register and activate the new Card in accordance with section 14.5 and add your Tokenised Card to your Device Wallet.

14.16. CARD REVOCATION AND CANCELLATION

You may ask for the Card to be cancelled at any time. If you ask for the Card to be cancelled and we ask you to, you must remove the Tokenised Card from your Device Wallet, and you must not use the cancelled Card. When you surrender the Card, you must give us your correct name and contact address.

We may cancel your Card at any time. Where possible, we will give you 20 days advance notice of the cancellation. However, we may act without prior notice if:

- we believe that use of the Card may cause loss to you or to us; or
- we believe that it is required for security purposes, including where it used for Unauthorised Transactions or due to fraud; or
- you breach any material term or conditions of this PDS, including these Terms and Conditions; or
- you breach CoinSpot's Terms and Conditions; or
- we suspect the Card has been used illegally.

If we cancel your Card, we will give you notice as soon as reasonably practical afterwards.

We may revoke the Card at any time without cause or notice. If we ask you to, you must surrender or destroy the revoked Card and you must not use the revoked Card.

14.17. LIABILITIES AND DISCLAIMERS

We are not liable:

- if, through no fault of our own, the Spendable Balance is not enough to cover a transaction;
- if, through no fault of our own, an EFTPOS Device or system does not work properly;
- if circumstances beyond EML control prevent a transaction, despite any reasonable precautions having been taken by us;
- for any loss resulting from any failure due to events outside our reasonable control;
- for any loss resulting from any system failure or industrial dispute outside our reasonable control;
- for any industrial dispute;

- for anything specifically excluded or limited elsewhere in these Conditions of Use.

However:

- your liability for Unauthorised Transactions will be determined according to the ePayments Code; and
- we will not avoid any obligation to you under the ePayments Code on the basis that another party to a shared electronic payments network (to which we are also a party) has caused the failure to meet the obligation.

Our liability in any event shall not exceed the amount of the Spendable Balance except in relation to:

- Unauthorised Transactions; and
- consequential losses arising from a malfunction of a system or equipment provided by any party to a shared electronic network (unless you should reasonably have been aware that the system or equipment was unavailable or malfunctioning, in which case our liability is limited to correcting any errors and refunding any fees or charges imposed on you).

If any warranties or conditions are implied because of Part 2 of the Australian Securities and Investments Commission Act 2001 or any similar law in respect of services supplied under these Terms and Conditions or in connection with the Card, then our liability for a breach of such a warranty or condition will in any event be limited to:

- the supplying of the services again; or
- the payment of the cost of having the services supplied again.

EML:

- does not make or give any express or implied warranty or representation in connection with the Card (including quality or standard or fitness for any purpose), other than as set out in the PDS and these Terms and Conditions or when the warranty or representation is imposed or required by law and cannot be excluded; and
- is not liable for any loss you suffer (including indirect or consequential loss) arising in connection with the Card (whether a failure to provide the Card or its loss, theft or destruction).

EML's obligation to the Cardholder in relation to the functionality of the Device Wallet is limited to securely supplying information to Pays Providers to allow the use of the Card within a Device Wallet. EML is not otherwise liable for the use, functionality or availability of the Device Wallet, the availability of compatible EFTPOS Devices, or a reduced level of service caused by the failure of third party communications and network providers (except to the extent that we are deemed liable under the ePayments Code).

You will need to agree to the respective Pays Provider's terms and conditions to use the Tokenised Card

Any failure or delay enforcing a term of these Terms and Conditions does not mean a waiver of them.
